STYLED BY FASHION
DESIGN STUDENTS

Welcome to the 'Learn From Manish Malhotra Online Course'

Module 1: Women's Wear

Fashion has to assist a woman on how to enhance her appearance and style. We start the course with Manish Malhotra's valuable inputs on the designing, details of fabrics, materials & embroidery. He introduces style icons and fashion influencers too.

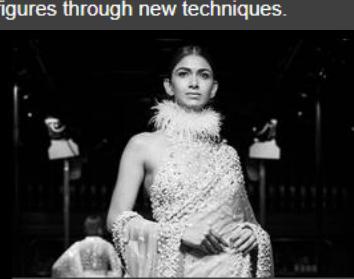

Module 2: Menswear

We progress in our education on Fashion by now taking a look at how fashion works for men. In this module, Manish guides you through the study of silhouettes, details of menswear, fabric manipulations and even draping a mannequin.

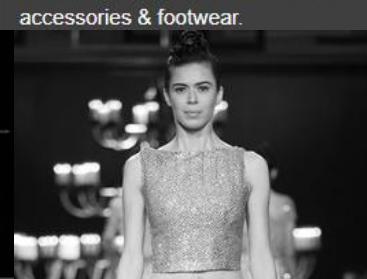

Module 3: Visualisation / Illustration

Visualisation is a vital aspect in developing your creative expression. In the third stage of this course, Manish helps you develop your skills to the best, as you practice sketching from imagination and constructing figures through new techniques.

Module 4: Bridal Wear

Bridal Wear relates to emotions and making them come alive through fabrics and styles. Manish Malhotra talks about his inspiration and experiences in making wedding clothes and putting together the entire look right from the hair & makeup to accessories & footwear.

Module 5: Multichannel Fashion Retail

Besides an artistic element, it is also important to be able to identify target customer profiles and go through product promotion & monitoring of sales. Manish introduces you to the intricacies of online merchandising and retail processes among other things.

Module 6: Preparation for Fashion Week

In his true perfectionist style, Manish introduces the concept of a 'Fashion Week' - its importance for designers, the key players, what talent scouts look for, what the press looks for, how to create a fashion collection and how the show functions.

Module 7: Visual Merchandising

You are exposed here to visual merchandising techniques, which are currently used in retail industries in London! It involves creation of shop floor layouts, excellent customer flow, creating a strong brand identity and strong messages within sale window displays.

Module 8: Fashion, Red Carpet & Film Styling

After the basics of design, trends, techniques you will learn to develop an authentic 'style'. Manish talks about fashion styling, main aspects of styling, skills required to be a fashion stylist, creating your style and taking your fashion styling business ahead.

Module 9: Costume Design

There is a delightful satisfaction in being able to bring to life 2D research ideas, transforming them into real-life costume designs. In this module, you will theoretically & practically learn a variety of essential tools for this process.

**INIFD is the Education Partner and
INIFD Academy of Interiors is the
Knowledge partner to Femina Miss
India, the most coveted beauty
pageant in the country.**
